

Resources

The following is a partial list of resources for parents, educators, young people, and community members interested in the topics found in this report. These resources offer useful activities, information, websites, and/or programs/curricula. We've tried to identify key resources, but there are a vast number of resources on these various topics, and we surely missed some. We also want to underscore that while we think each of the identified resources contains valuable information, we do not endorse all the recommendations/views in these resources. Some of the resource descriptions listed below have been pulled from organizational websites.

Have suggestions of other powerful resources or websites that we should add to our list? Please email us at mcc@gse.harvard.edu.

Coaches' Toolkit

Coaches' Toolkit

TYPE: WEBSITE/TOOLKIT

Toolkit that provides high school coaches with the tools and resources to talk with athletes about healthy relationship skills, violence prevention, and respect for women and girls.

<http://www.coachescorner.org/>
